

INDEPENDENCE LEAGUE IN A FIX

C. F. Murphy, Tammany Leader, Charges Its Representatives With Demanding Money.

JEROME ISSUES A SUBPOENA.

Hearst Says If Murphy Has Any Evidence He Certainly Should Present It.

New York, Oct. 18.—The most startling development in the present political campaign in this state came today when Charles F. Murphy, leader of Tammany Hall, publicly charged that representatives of the Independence League in consideration of the withdrawal of their candidates in certain districts. This was followed by the serving on Mr. Murphy of a subpoena to appear before the grand jury in John Doe proceedings and testify as to his charges.

The subpoena was issued by Dist. Atty. Jerome after a conference with Judge and A. Rosalsky of the court of general sessions, who, Mr. Murphy insisted, had given up money for the Independence League. Mr. Rosalsky charged that certain Independence League managers had demanded money for the withdrawal of their candidates in congressional, senatorial and assembly districts where a third ticket was put in the field. He added that William R. Hearst, the Independent League and Democratic candidate for governor, knew nothing of this.

"It is a fact," said Murphy, "that all our candidates for Congress and the legislature have been approached by representatives of the Independence League and money has been demanded of them. Our men refused to give up and it was only then that the league put up opposition candidates. The men who demanded money were not ordinary individuals belonging to the league, but representatives of the organization. If we had paid what they asked there would be no league ticket in the field against us."

Max F. Thomsen, who has charge of the Independence League headquarters, denied Mr. Murphy's charges. The statement says:

"The managers of the Independence League, so-called, are not holding up candidates for cash. If any one even connected with the league has attempted such a thing we shall be glad to know the facts."

"I doubt if any candidate of the league has as yet contributed one cent to the league's campaign fund."

The Independence League, which was promoted by W. R. Hearst, held its state convention here Sept. 11, and named a full state ticket, with Mr. Hearst heading it. Subsequently the league named a complete judicial ticket for the first judicial district, which was defeated by the Democratic ticket.

The law under which the district attorney will act in making an investigation of the charges of the Tammany leader contains the following paragraph: "Any person who makes, renders, or offers to procure or to cause any nomination or appointment for any public office or place, or accepts or re-

quests any such nomination or appointment, upon the payment or contribution of any valuable consideration or upon an understanding or promise thereof, is punishable by imprisonment for not more than two years or by a fine of not more than \$2,000, or both."

Under the head of "Judicial candidates not to contribute," the section contains another paragraph as follows: "No candidate for a judicial office shall directly or indirectly make any contribution of money or other thing of value, nor shall any contribution be solicited of him."

Dist. Atty. Jerome will conduct an examination of Murphy before grand jury and Judge Rosalsky will probably be present. Judge Rosalsky's connection with the case is merely incidental. According to the published interview with Mr. Murphy it was brought to the attention of the Tammany leader that the Independence League had filed a nomination petition with Otto Rosalsky on it for judge of the court of general sessions, and Mr. Murphy is said to have exclaimed: "Well, I suppose they got his money."

Judge Rosalsky, who is a Republican judicial candidate, indignantly denied that he was a party to any arrangement. A subpoena has also been served upon Francis O. Shober, Independence League and Democratic candidate for Congress in the Seventeenth district. Mr. Shober is reported to have made the statement that he knew of one case where a Tammany senatorial candidate had offered to defray the expenses already incurred by the Independence League nominee if the latter would withdraw.

Beyond admitting that subpoenas had been issued for Murphy and Shober and that he would personally conduct the hearing tomorrow Dist. Atty. Jerome would say nothing.

HEARST'S COMMENT.

When told that Mr. Murphy had been summoned before the grand jury, Mr. Hearst said:

"If Mr. Murphy has any evidence of that sort he certainly ought to make it public."

RESPECT FOR MRS. MYERS.

Washington, Oct. 18.—Justice Brewer of the supreme court of the United States today declined to either grant or deny the application for a writ of error in the case of Mrs. Aggie Myers, who is under sentence of death on the charge of murdering her husband in Kansas City in 1904. The justice said it would be necessary to have a more complete record of the case before passing upon it. This decision will have the effect of giving the woman a respite of at least two or three months. She was to have been hanged Oct. 26.

DREADNOUGHT'S TRIAL.

Completely Successful and British Press and Public Highly Pleased.

Portsmouth, England, Oct. 18.—The successful conclusion of the trial of the British battleship Dreadnought, the latest exponent of the theory that future wars will be with battleships, heavy armament and huge guns, gives intense satisfaction to the British press and public. This is because there had been some prognostications that the Dreadnought would stand the strain of the tremendous discharge of her great broadside fire and also because the successful surmounting of her trials disproves completely the rumors that there was some breakdown in the construction of the battleship. Even the eight gun salvo today, said by those on board to have been terrifying, produced no serious injury. No deck plates buckled, nor was the blast dangerous, although there was some injury to the vessel's lighter fittings. One reason for this found in the great length of her guns, which brings the muzzles clear of the ship's side when firing on the beam. The discharge of all eight of the Dreadnought's 19 and 12-inch guns simultaneously represented three tons of metal in projection. The roar of this salvo was heard plainly in Portsmouth and all over the Isle of Wight.

The Dreadnought will now be finished for the accommodation of a full crew and will then receive her maiden commission in the Atlantic fleet.

PHILADELPHIA POLICEMAN ARRESTS SPEAKER CANNON.

New York, Oct. 18.—A dispatch to the World from Philadelphia says that Speaker Cannon and Congressman McCrea made a whirlwind automobile tour of Philadelphia last night. All went well until after a nine-mile trip to Germantown had been made in 15 minutes. The speaker's car had barely stopped when a sprinting bicycle policeman, who had been in pursuit, arrived.

"You are all arrested," said the officer, but Mr. Cannon was hurried into the hall and someone explained to the policeman who it was. The officer contented himself with taking the number of the car and notifying the chauffeur that he was under arrest, and would have to appear before a magistrate in the morning.

SOUTHERN PACIFIC FIRE.

Bad One in Freight Sheds in San Francisco.

San Francisco, Oct. 18.—Fire broke out tonight in the freight sheds of the Southern Pacific company, on Berry street, between Fifth and Sixth, and made rapid progress on account of the inflammable material in its path. Some alarm was felt throughout the city on account of the quickly spreading action of the flames, but the reorganized fire department proved itself equal to the emergency. It was the first real test the firemen have had since the conflagration of April. Numerous fire companies were rapidly on the scene and soon had a dozen or more streams playing on the flames with the result that surrounding property was protected. The water supply was ample and in good order. Along side of the sheds were four tracks of freight cars and these were consumed. It is impossible at this time to give an accurate estimate of the loss, as that fact hinges on whether or not the cars were loaded with freight and also upon the amount of goods that was stored in the sheds. An early estimate placed the damage at \$200,000 and this estimate may possibly cover the company's loss. The sheds were coast receiving freight sheds and it is thought that a majority of the cars were empty.

WOMEN'S CHRISTIAN TEMPERANCE UNION.
Boston, Oct. 18.—The actual business of the triennial convention of the World's Women's Christian Temperance union in this city was begun today. An early forenoon devotional service in the Park street church was followed by the opening of the convention proper in Tremont temple, the delegates being called to order by Mrs. Lillian M. N. Stevens of Portland, Maine, vice president at large of the world's W. C. T. U. The president, Lady Henry Somerset, being detained at home by illness, Mrs. Stevens will preside throughout the convention. The program provided that Gov. Guild should extend the welcome of the state and Mayor Fitzgerald, that of the city, before the roll call of members.

The remainder of the day was to be taken up with organization and the reports of officers, committees and misadventures.

This evening there will be a public meeting in the temple, at which addresses will be made by prominent foreign delegates.

Mrs. Stevens read a letter of greeting from Lady Henry Somerset of England, president of the World's W. C. T. U. It was in part as follows:

"To protect the home, to banish the saloon, to shelter the weak and to protect the strong, these are your intentions in your warfare against the liquor traffic. And there is another motive power for it is the fulfilling of the will of God which gives the great impetus to your work, the fulfilling of His will as well as in the legislative history of nations as individual lives."

"Nothing we believe today is more destructive to the well being of any people than the organized liquor traffic. Nothing makes it harder for men and women to fulfill the destiny for which God created them, nothing undermines principle, saps vitality, wastes resources and devastates homes, more than the drink habit, which is the hateful heritage of nearly the whole civilized world."

"At your convention, many subjects may arise over which you may differ or disagree, but I pray most of all for you, that the power of the spirit of God may be in your midst. May there be in your midst a deep sense of that power. May the golden light of chari-

ty be found you as an aureole and may hand clasp hand in that loyal comradeship which gives united strength, and may this convention draw you closer to the "unseen."

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.
